A SECOND LOOK!
Sometimes it is only when you look at a stamp a second time, (or a third time), that you notice something that you did not notice the first time around. This was certainly the case with the 1987 Barbados Synagogue Restoration issue, which consists of a Synagogue, an Ark and the Ten Commandments. However, on this occasion looking at the stamps, I noticed for the first time, that G-d’s name on the tablets of the Ten Commandments is spelt out in full in Hebrew, and not abbreviated. This now makes his name visible in full on 5 Judaica themed stamps. (From Argentina, Barbados, Finland, Hungary, and South Africa.)

FORTHCOMING JUDAICA U.S.A. ISSUE.
The U.S.A. will issue a Hanukkah stamp on 26th October 2007. Although not confirmed, I think it may be the same design as last year, depicting a Dreidel – a spinning-top. The only difference to last year, will be that the value depicted on the stamp will have increased from 39c to 41c.
I personally try to obtain all the attractive First Day Covers that are produced by the “cachet” makers for this issue. – They are very colourful and make an attractive display.  
However, for last years issue, there was not as many covers designed/produced as in previous years for the Hanukkah issue.  
If any of the American members are aware of any specific Hanukkah covers being produced by cachet makers, then I would be very grateful for their address and details. (Thanks in advance).

APLOGIES!

Apologies for the lack of news this month.  
Some months I come across a larger amount of Judaica news – whilst this month I have not found much Judaica news.

I very much welcome any Judaica news that you may have to share with fellow members.  
The more information I can include in the newsletter, then the more interesting the newsletter becomes.  
If you have any articles, or snippets of information to share, then please email them.  
Likewise, if you have any adverts – For Sale, Wanted etc. – Please email them to me.
